Comment text:

My husband and I belong to the Styvechale Grange Residents' Association.

We have recently become aware of the proposed boundary change in the area, from Wainbody ward to Earlsdon ward and, along with very many others, are dismayed as to why this is being suggested. We have absolutely NOTHING to do with the Earlsdon community but plenty with Wainbody. Our Wainbody councillors are very involved with our community and we do NOT want to lose them.

We have also learned that a consultation took place in May through to July 2023 on this proposal - we in the area knew NOTHING about this - why were we not informed?

We are closely involved with Finham Parish Council, their Residents' Association, library and schools. Wainbody police will contribute to our residents' meetings and help with Speedwatch sessions. These are just a few examples of our community, built over many years and which would inevitably be destroyed if the proposal goes ahead.

You must PLEASE take note of what we, the residents of Stivichall and Styvechale Grange want and consider our wishes, rather than just do what THINK is required, regardless of what the established communities want.

Thank you.
