Comment text:

As a new resident in this area I feel an affinity to the existing Ward incorporating Styvechale Grange in the Wainbody Ward with Finham. My GP is in Finham, along with the library, and the local bus service takes us from our estate to Finham. The local secondary school is in Finham where most of our youngsters attend.

There is a thriving Residents Association which has allowed me to put faces to our local councillors.

I understand there has been no consultation with local residents regarding moving Styvechale Grange to the Earlsdon ward, which seems totally out of our vicinity.

I strongly urge you to reconsider this retrograde step which I understand our Councillors oppose.
