**Related subject:** Ward Boundary changes

I disagree with the proposed ward boundary changes in Coventry particularly involving the Westwood ward. Westwood Heath and Tile Hill have a close community relationship. Our two residents associations work closely on issues from time to time. Westwood heath residents frequently use local shops, Drs surgery, local Post Office and public house all in Station Ave, Tile Hill. In contrast Tile Hill has very little interaction with Canley. Coventry City Council leader's attitude is arrogant and one wonders if this proposed change is a political one, which is unacceptable.
