The change of Styvechale Grange from Wainbody to Earlsdon Ward

I do not feel this change will benefit those who live on Styvechale Grange who have been looked after well in Wainbody Ward to date.

We do not feel any connection with Earlsdon ward either geographically, socially, or the sharing of facilities, and this is supported by our existing Wainbody Councillors. As Styvechale Grange residents were not informed of the consultation 23/05 – 31/07/2023 or the closing date 22nd. Jan. 2024 I feel we have been forgotten in this proposal especially as we were not advised of it nor given the details of the close date.

No distinction made between Stivichall and Styvechale Grange despite the Grange having clearly defined boundaries

I understand that these moves are based on numbers and do not feel that this is the best representation for Styvechale Grange residents such as myself.
