Related subject: Binley/Willenhall ward

In terms of a consultation - it is difficult to give views without further information. Councillors may be able give further details about their workload although 3 per ward seems quite a lot. Binley and Willenhall do have overlapping areas of interest but feels quite a large geographical area eg for nearest secondary school, nearest library. Also areas in common with Wyken particularly Clifford Bridge Road and other side of Binley Road area eg traffic issues, potential other closest secondary school and library, local hospital, supermarket (Tesco's), Cubs/scouts, Coombe Abbey. If anything though, people seem to group around smaller community areas Morrisons/Warwickshire Business Park or Hagard community Centre/Library/shops
