Comment text:

Dear Sir/Madam

I feel I must write to you again in relation to the boundary areas where I live.

As I understand it currently councillors in our area represent Hastings Hill, Grindon, Springwell and Thorney close. This has worked very well over the years, it now transpires that some parties on the council are asking that our area should merge with Pennywell and South Hylton.

My husband and I are strongly against this proposal.

Chester Road is a perfect boundary for our current estates community, it is an extremely busy dual carriage way that is very difficult to cross and divides the community rather than bring them together. Also as far as I know there are no bus links to Pennywell or South Hylton from the estates within our boundary.

There are facilities within our boundary that are accessible for all of the four estates,(Chester road and Durham road are perfect boundaries), examples of these are, schools, community centres, air cadets, Thorney Close Enterprise Centre, shops and green space, cycling and public transport to name a few.

I cannot see any benefits that the residents of Pennywell or South Hylton would be able to access that are not already available to them in the

boundary they are already in.

We have lived in this community for 57 years at [REDACTED] Hastings Hill, and are more than happy with the current services.

Yours

[REDACTED]
