Comment text:

I would like to be put on record that I do agree with the commission that Hastings Hill should stay with grind on and Thorne close . I have lived in Hastings Hill for 56 years so feel that I no the area well . We have a good bus service . Good shops and are able to walk through t grind on to Barney's park . I can not understand this thing with wanting to go with pennywell . I've got nothing against Pennywell . But have you retried to cross the 183 road toget there , . None of our bus are connect to them . If I wanted to get the metro it is easier for me to get bus to town . Then walk and may I say take my life in my hands and crosse that road . And then have 30minute walk to meteo station . Why change thngs that have worked so well for years . We are happy on our estate . I get the bus to grindon and then to the walkin in centre if need be . Please just leave us alone in our boundary as it is . I can also get the bus to Durham road and connect to Durham bus which I used to do quite frequently . We want to stay in this ward with Grindon and thorneyclose and,spring well . Please don't move us . Thank you . [REDACTED] [REDACTED]

[REDACTED] Thankyou
