## Comment text:

Not to merge Pennywell with Hastings Hill, Grindon, etc

I support the Local Government Boundery Commission to keep the above areas together with Springwell and Thorney Close and being represented by one set of councillors.

These areas are Geographically neighbouring each other.

They are between 3 main roads and share schools and benefit from accessible green areas which link between them as well as community facilities.

Changing their defining boarders would be inpractable and split communities.
