Dear Sir/Madam,

I have been told that you are planning to split up Herrington Village and place our area into the Barnes for our council area.

This is absolute madness and makes no sense at all.

New Herrington, East Herrington and West Herrington are linked communities who have a long history of sharing local facilities. We are under a single parish of our church and share a very agreeable pub.

We are not anywhere near the Barnes area and want to retain our identity and our councillors.

Regards
