Related subject: Ford Estate

I support hew new boundaries proposed for the Pallion & Ford ward. The original proposals which would have split Ford Estate across two wards did not make sense as people who live in Low and High Ford use the same community facilities and would not consider Front Road to be a dividing line in this community. People from across Ford Estate use the community facilities in the area such as Highfield Academy, Ford Football Hub, Blackie Park and Hylton Road Playing Fields.

The plans to balance this out by merging Hylton Lane Estate together and putting it in Pennywell & South Hylton and the merging of all of High Barnes together and putting it with Barnes & Thornhill make sense too.
