Chilcote is right at the south west corner of the district.

We have recently been moved to the Hinckley and Bosworth parliamentary constituency, much against our wishes. We feel very much a part of North West Leicestershire and I was relieved to hear at the presentation that this review is not looking to reassign our district council.

Due to our location I cannot see that we would fit neatly in any other ward for the DC, as Appleby is the only parish we have a border with. The only other option might be Oakthorpe and Donisthorpe. I would not have an objection to this. We are in the catchment area for Oakthorpe Primary School so do have some connection there.
