Re Cheshire East Ward Boundary Review

Dear LGBC,

I am concerned that Cheshire East Council are proposing to move a Ward Boundary from a Parish Boundary where in previous reviews it has always the Parish Boundary and Ward Boundary have always been the same.

My question is in those circumstances will the Local Government Boundary Commission:

1. Move the Parish boundary automatically to the Ward Boundary?
2. Consider moving the Parish Boundary to the Ward Boundary?
3. Not have the power to move the Parish boundary to the Ward Boundary?
4. Not have the power to move the Parish boundary to the Ward Boundary because the Parish Boundary was confirmed as appropriate by a Community Governance Review conducted and agreed in 2023?

This is an urgent matter as the answer may affect the choice of approach to the LGBC in relation to the current Review being conducted of Cheshire Easts Borough Wards.

Thank you,

Ken Edwards
