## Comment text:

I would like to comment on the proposal to change the boundaries in Thanet. I would definitely welcome a consideration regarding the Westgate/Westbrook boundaries. We never vote in the local council elections purely because our road is on the Westgate/Westbrook border and our everyday living occurs mainly in the Westgate constituency. When looking at boundaries the council should consider the distance from the main town/village to help determine the district. We also don't agree with our council tax going to another parish outside of Westgate.
