## Comment text:

**Related subject:** North east of Cheshire East

Cheshire East Council have total disregard for the north east area (Macclesfield, Poynton, Bollington etc) as evidenced by the proposed waste of money dealing with a non-problem at Poynton Pool, closing of local tips (Poynton, Bollington), etc. I would propose a split of the county with a north east council centred on Macclesfield that would understand the area and provide the required serviced.
