## Comment text:

Dear Sir/Madam,

We are writing as concerned residents regarding the proposed boundary changes in our parish.

The area in question is shown in yellow on the map below, which is currently in the Bollington parish: [See Attached]

We would like to confirm that if changes are to be implemented, our property - Dumblecroft (shown in the white circle), will be located within the Prestbury Parish jurisdiction, for the following reasons:

- Our address is Dumbah Lane, as is our gate, entrance and front of our house, so we would consider it normal to be in the same parish as our close neighbours on the road, as we are now and feel very strongly that this should be maintained.
- We understand that Boundary 1 is to be removed. It is imperative that Boundary 2 remains in the current position, so as to include all the 10 properties on Dumbah Lane. (It would become the Prestbury/Tytherington boundary, instead of Bollington/Tytherington boundary).
- It would make sense for the boundary with Tytherington to be at Boundary 3 where the road (Tytherington Lane) and the curtilage of Tytherington Business Park make a natural break.

- The new Boundary 4 with Bollington would logically fall on the Silk Road which has prompted the suggestion of revising the parish boundaries.
  - In addition to the points above we feel that we on Dumbah Lane are socially part of Prestbury, and the Prestbury Parish council have endorsed this on two occasions, including at the most recent parish council meeting, earlier this month.
  - Furthermore, as residents of Dumbah Lane we are concerned to maintain the Green Gap between Macclesfield and Prestbury, the security of which would be reinforced by the residents of Dumbah Lane being in the same parish as a portion of the field alongside, which is in the green belt.
- We would be grateful for your careful consideration for the above and regard for the strongly held views of those affected by the proposed changes.
