## Comment text:

**Related subject:** Wistaston

I feel that the areas surrounding Nantwich should all be amalgamated into one new ward as they use the same facilities and face the same issues. This would be the Nantwich wards, Wistaston, Willaston and Shavington. It would simplify the boundaries. Similar could apply to those surrounding Sandbach. Thw work and contribution from those areas would then allow a more cohesive approach to the issues in those areas. It is a shame that the opportunity could not be taken to rationalise the Cheshire East and West councils as there is much duplication and waste of money taking place across the two.
