## Comment text:

**Related subject:** Pickmere

I as resident of Pickmere I use the local swimming baths in Knutsford, my twins go to Knutsford Academy and visit Knutsford a few times a week. We eat out in the town and use the road links from Pickmere to Knutsford most days. We use Pickmere Lane, Flittogate Lane and the A556 as the major road links to the town. Currently Pickmere belongs to the High Legh ward, however a move to see Pickmere within Knutsford would be welcomed. Pickmere is most certainly closer to Knutsford than High Legh and is the town I spend most of my time, rarely visiting High Legh. Pickmere (Pickmere Lake) does experience a high number of visitors in the warmer months of the year, causing chaos with parking on the main roads, blocking highways, residents driveways and with that comes an increase in antisocial behaviour in the village.
