## Comment text:

Dear Sir

I write in respect of the current consultation for changes with Cheshire East. I have seen the current proposed boundaries and fundamentally disagree with the boundary drawn between ALEG and 2GDT along close lane, Alsager.

The proposed boundary does not follow this significant road but rather cut through in meaning that 11 houses are in the 2GDT area around the function with Valley Close. One of these is my home address.

I have raised this previously. I have never considered that I live anywhere but alsager. I shop in the town, I use the doctors and other services, use the leisure centre and hope in the future to use the schools. However I am prevented from voting and potentially taking a more active involvement in local governance by this artificial boundary. Two of the neighbours I share fences with live within alsager boundary yet I do not. Decision made by alsager town counsel affect me directly yet I am prevented from having any voice.

By comparison I have been through haslington once and only to drive through when there were local road closures. I have never used its facilities and not foresee this changing in future.

I would appreciate if this boundary can be reconsidered.

Yours faithfully
