**Related subject:** Ward 1 - Ackworth, North Elmsall and Upton

I will give my views starting with Ward 1 and working through them all to Ward 21: (I've tried to take on board my suggestions for each ward as I have gone along).

Ward 1: Ackworth, North Elmsall and Upton

- A1) (Foulby) along the A638 should perhaps all be in one Ward or the boundary should perhaps be more defined as being Lidget Lane.
- A2) (Ackworth) the boundary for the Fitzwilliam Country Park with Ward 7 should be Rose Lane.
- A3) (Thorpe Audlin) along the A639 where it goes over the River Went this should be the boundary.
- A4) (High Ackworth) along Sandy Gate Lane, Potwells Farm, near East Hardwick and the boundary with Ward 13, the little triangle, the boundary should perhaps continue to be the railway.
- A5) (High Ackworth) along A628 Castle Syke Hill/ Ackworth Road the boundary should perhaps be the A628 between Featherstone and Ackworth. (Another triangle shape).
- A6) (Ackworth and Purston Juglin) the boundary should perhaps follow Went Lane B6428 and Ackworth Road B6421.
- A7) The convergence of 3 wards (1,5 and 7) on Swine Lane just tidy it up instead of following the river just cross at the road.
- A8) Southern border, the convergence of Wards 1, 7 and 14 should perhaps follow the railways lines, the A6201 and the A628.

Ward 2: Airedale and Ferry Fryston

- B1) The eastern boundary, Holmfield area with the streets Oakwood Close, Beech View, Ashtree Way, Willow Lane, surely the boundary should

perhaps be the A1 and M62.

B2) The boundary should perhaps be Queens Park Drive, Redhill Drive, Fryston Road, Holywell Lane and Spittal Hardwick Lane.

Ward 3: Altofts and Whitwood

C1) The eastern boundary should perhaps be Leeds Road, Barnes Road and Beancroft Road.

C2) The boundary should perhaps be Hunt Street and Methley Road (A6032)

C3) Southern boundary should perhaps be Newland Lane and the railway line to the M62

Ward 4 - Castleford and Glashoughton

D1) The eastern boundary should perhaps be Queens Park Drive, Redhill Drive, Fryston Road, Holywell Lane and Spittal Hardwick Lane.

D2) The western boundary should perhaps be Leeds Road, Barnes Road and Beancroft Road.

D3) The boundary should perhaps be Hunt Street and Methley Road (A6032)

Depending on which Ward requires houses and residents etc to make up numbers the boundary between Ward 3 and 4 could be the A6539 and A639.

Ward 5: Crofton, Ryhill and Walton

E1) The northern boundary should perhaps be Doncaster Road (A638) this would also bring all of Towers Lane into one Ward.

E2) The convergence of 3 wards (1,5 and 7) on Swine Lane just tidy it up instead of following the river and cross at the road.

Ward 6: Featherstone

F1) North Featherstone Junior and Infant School should be fully in Ward 6.

F2) South Eastern boundary should be Castle Syke Hill (A628) and the triangle piece allocated to Ward 1 or Ward 13.

F3) The grounds of Westwinds should be fully in Ward 1, tidy up the boundary between Wards 1 and 6.

F4) (Ackworth and Purston Jaglin) the boundary should perhaps follow Went Lane B6428 and Ackworth Road B6421.

F5) Southern boundary border should perhaps be A638 Doncaster Road and have Towers Lane all in Ward 5.

F6) South western boundary that takes and includes a small estate cul-de-sac that crosses over the railway (Doncaster Road), that estate is better with the other houses north of Doncaster road rather than in Ward 6. Unless Ward 6 has a new boundary that covers the north side of the A638 and A645.

F7) Couple of houses on Crossley Street close to the boundary should be included in Ward 6.

F8) North western boundary seems to make more sense along A6539

Ward 7: Hemsworth

G1) Northern boundary border should be Rose Lane with Ward 1

- G2) South eastern the convergence of Wards 1, 7 and 14 should perhaps follow the railways lines, the A6201 and the A628.
- G3) The convergence of 3 wards (1,5 and 7) on Swine Lane just tidy it up instead of following the river and cross at the road.

#### Ward 11: Ossett

- M2) (High Ackworth) along Sandy Gate Lane, Potwells Farm, near East Hardwick and the boundary with Ward 13, the little triangle, the boundary should perhaps continue to be the railway and the triangle bit currently in Ward 1 should go to Ward 13.
- M3) North Western boundary should be Castle Syke Hill (A628) and the triangle piece allocated to Ward 1 or Ward 13. I would favour Ward 13.
- M4) Northern Boundary perhaps should be A645 Wakefield Road.

#### Ward 14: South Elmsall and South Kirkby
