**Organisation Name:** Baildon town council (District or county councillor)

## Comment text:

**Related subject:** Boundary changes

I support Baildon town council's recommendation on proposed boundary changes

It is important that the Boundary Commission understand the importance of re uniting the Coach Road area (polling District 22) with the rest of Baildon, and also of not creating an artificial boundary within Eldwick as in the original proposal for a Baildon and Eldwick ward. We ask that as many groups and individuals as possible in Baildon please respond in their own names with their own views. At this stage, it is certainly a possibility that the Boundary Commission could decide to revert to their original proposal
