Related subject: Hood Green

Hi

I am writing to oppose the proposed boundary change, meaning Hood Green, where I live, would become part of a new ward with Tankersley and Dodworth.

It would not be a rural ward, despite the proposed name as Dodworth, Gilroyd and Tankersley/Pilley are significant populations. Hood Green is a very small village in a rural setting. I am very concerned that we will be totally overlooked as all resources would go into the urban and more deprived parts of the ward.

Hood Green is in Stainborough parish, which is a small parish of only around 350 people. We have much more affinity to other parishes in Penistone East.

At such a small population it would not make much difference to electoral numbers to retain it in penistone east, and draw the boundary to connect Dodworth and Tankersley in a different way.
