Related subject: Tankersley

Tankersley is a small village with minimal main roads. We have limited bus links and we have 1 bus that is provided by penistone Council which links tge village to stocksbridge. A bigger ward would require better transport links. The village is more suited to the Penistone Borough due to its narrow road and also lack of facilities.

I disagree with going to Rockingham ward as that ward is much more populated and dense in inferstruction.
