## Comment text:

Hi

Your recently published document Draft Recommendations - New electoral arrangements for Barnsley Council was shared this week with residents of High Hoyland parish.

Myself, my family and all residents who attended the Parish Meeting were delighted to learn that you have rejected the Council's proposal to move High Hoyland from Penistone East Ward into Darton West.

The village of High Hoyland is a rural and agricultural area which has much more in common with Penistone East than the massively built up area of Darton and surrounding villages.

Just thought you might find it helpful to understand the strength of feeling locally and depth of appreciation for your decision.

With best regards

[REDACTED]
