**Related subject:** Kingstone ward (previous central)

I do not believe that the Kingstone ward should be clubbed in with Barnsley South following the new boundary proposals.

How is it that you see fit to club Kingstone in with say wombwell?

I live in worsbrough common personally and form part of the Kingstone ward. We have always been separated from the worsbrough ward, a stone thrown away, and yet somehow we will now be on the same boundary as wombwell?

Make that, make sense?!
