Comment text:

I fully support the Further Draft Recommendations as they impact on Eldwick. Thank you for recognising that Eldwick is very much part of Bingley.

Members of Bingley Town Council have suggested that a “new campaign has started to split Eldwick and Jettison most of it into Baildon ward”. I am puzzled by such a suggestion which may reflect political differences or attempts at Gerrymandering. People I have spoken with fully support your recommendations and would be very disappointed if they were to change.
