Eldwick is in Bingley not in the town of Baildon. Eldwick has nothing whatsoever to do with Baildon, which is more than two miles away over a barren moor. Eldwick must remain in Bingley. It is an absolute ludicrous suggestion that the people who live in Eldwick should be asked to vote for councillors who represent Baildon and who would have no interest in our village in Bingley. The electorate in Eldwick want to be represented by councillors who will fight for the interest of Bingley and not those of Baildon.
