Sirs

I can not imagine in what moment of madness some misguided Council member has decided that it would be a good thing for half of Cottingley Village to be in the Bingley Rural Ward and the other half of the village to be in the Shipley Ward. As a long time resident of Cottingley I must tell you in the strongest possible terms that I am absolutely opposed to such a change. Cottingley itself is part of Bingley, It is not, nor has it ever been, nor does it ever want to be, a part of Shipley,

Please make my views known to those who will actually take a blind bit of notice.
