Comment text:

Related subject: Cottingley

As a resident of Cottingley Village I disapprove of plans for ward boundary changes which would place Northern areas of the village in a Bingley Ward and Southern areas including the old village in a Shipley Ward. For the purposes of local government and effective representation Cottingley needs to be considered as a whole and to this end in view of its historical and present day links with Bingley, its interests in my opinion would be best served within Bingley Rural Ward as originally proposed by Bingley Town Council which quite rightly opposes arbitrarily splitting off Bingley Town Council Wards into other Bradford Wards without strong community ties or common interests.
