Comment text:

Related subject: Bingley

I have read the proposed changes to Bingley's boundaries and strongly disagree with the proposal to split Bingley across the railway line/canal. I also question why Baildon Town Council's recommendations for splitting up Bingley are being considered when Baildon has nothing to do with Bingley!

I believe the proposals disregard the history, character and shared amenities that make up our communities.

The proposals are potentially divisive and undermines the ability of Councillors to work for the greater good of the whole town not to be just responsible for a section of the town.

The proposals draw a boundary right through the heart of communities, splitting Cottingley in two and making Bingley the only core town in the district where an election boundary runs through the middle of the community.
