I disagree with this - I wish for Cottingley to remain part of Bingley. How can Cottingley be separated but Harden remain? I believe the Cottingley area are closer to Bingley than the Shipley area and after speaking to other neighbours they don't go to the Shipley area as Bingley is closer for their needs and most work at the Bingley side. So how would we have a view on the needs of Shipley? I also would like to know how this would affect the price of my property as most houses in the Cottingley area are slightly higher than the Shipley area. If this would decrease the value of our houses then this is no benefit to the people of Cottingley.
