**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** Eldwick

To whom it may concern,

I am writing in response to the recent boundary proposals for Eldwick. We recently moved to the area and initially chose Eldwick because of its small but strong community. I cannot understand why, on any level, that it would make sense to split a village- that also holds historical value. We did not choose to live in Baildon; we chose to live in Eldwick. They are clearly separate locations.
