## Comment text:

**Related subject:** Moulsoe Parish

Moulsoe Parish is rural and will remain rural or semi-rural for the near future. Notwithstanding MKC proposals to subsume the Parish into "Greater" Milton Keynes, at the moment it is rural enough to remain with the other rural and semi-rural communities of Olney Ward. Also, I am closer to those communities and use those facilities at least as much as those of Milton Keynes. Very often I would prefer to visit or shop in the rural communities in preference to Milton Keynes because of the reduced level of congestion there. The M1 is a considerable barrier to movements west of the Parish
