There are two issues that you may wish to include in your review:

1. Reorganisation of the Stony Stratford Ward which currently has over 12,000 electors (4,000 per councillor) and is growing rapidly due to the new estates of Fairfield and Whitehouse. By comparison Newport Pagnell South has less than 9,000 electors (3,000 per councillor).
2. Should Milton Keynes continue to elect one third of the City Council each year for three years or should it elect the whole Council every four years?
