Our estate is on the outskirts of Wolverton. Our school catchment area is Wolverton . We fall under Wolverton & Greenleys Town Council yet our council seats unite us with Bradwell , 2 mile Ash & Heelands which we do not have any real links to. I'm struggling to understand your maps so my apologies if you have already done this but please consider reuniting us with the Wolverton area for council seats. Wolverton has seen expansion in the Greenleys & Stratford Road areas since the last review & Im sure another seat is justified with the expansion in residents. At the moment it feels as if we've been cut off from our town when it comes to MK Council. Thank you
