I am shocked to see the initial proposals for Almondbury Ward have been reversed to exclude Kirkheaton. The reasons given are that Labour councillors who set up a Facebook group with all the areas in Dalton ward is proof Kirkheaton belongs in Dalton Ward. The community groups and Facebook posts make little to no reference to Kirkheaton and one of the community groups just has a picture of the Labour councillors which they set up. Kirkheaton is rural and has much in common with Lascelles Hall and Lepton such as it's under the same Parish council of Kirkburton. The green spaces and Kirkheaton Church/Beaumont Arms pub is at the bottom of Church Lane and before the main road and a 2 second walk to Lascelles Hall. I also see many comments in favour of this posted on here "Almondbury & Kirkburton great improvements" I support proposals for Almondbury & Kirkheaton..." Kirkheaton has little affiliation to Dalton. Also Longley Road area people see themselves living in Almondbury not Newsome as has been commented on. A104 & A105 polling station should be moved into Dalton ward after all the 100 year old Ravensknowle Gala is attended mostly by residents from Dalton.
