Comment text:

Good Morning.

I am a resident of the Stainsby Hall Farm estate.

I would like to formally object to the proposed changes to the boundaries of Stainsby Hall Farm. I believe the current structure serves the residents of my estate well.

I believe it is to the detriment of our estate to mix us with a new Stainton and Trimdon Ward - we will have little voice and representation in this ward and the current ward is poorly managed, with few, if any, resident views championed or taken into consideration.

I have genuine concerns as to the future of our green space and green belt if the proposed changes go ahead.

Regards.
