## Comment text:

**Related subject:** Local Government Boundary Commission

I am writing in support of a local councillor's proposal to the Local Government Boundary Commissioner that the meadows and greenspaces along our area (including Mandale Meadows and Bluebell Beck) be represented by the councillors and community who use these greenspaces, here in Acklam, rather than being moved into Stainton Ward which is cut off from us by the A174.

I also ask that the plans to develop the meadow are reconsidered, as this space should be preserved for the benefit of the community and local wildlife.

Thank you.
