Related subject: Ladgate Ward

Middlesbrough Council does NOT need to be employing MORE councillors and wasting taxpayers money. They have so far proven incompetent and incapable of running a bath let alone a town. They need to be streamlined and infact should be aiming to have LESS councillors. As somebody living in the current Ladgate Ward we the residents do not associate ourselves at all with Kader, or the Acklam area. We associate much more closely with Marton or Coulby Newham both of which are in the Marton West Ward. The plans also include other estates and the hospital which are much more closely aligned to Beechwood and Easterside. These plans make absolutely no sense at all. The Marton East Ward is absolutely massive for reasons I cannot fathom. I urge you to reconsider and this time put the local taxpayer first, unfortunately there aren't many left of us left in Middlesbrough. The few pick up the bill for the many.
