## Comment text:

Dear Concerned Parties,

I am writing to express my strong opposition to the proposed transfer of the Grey Towers Village development in Nunthorpe Ward to Marton West Ward.

The Grey Towers Village development lacks road access to Marton West and has historically been within the boundaries of Nunthorpe Ward and the parish council since their establishment. This historical connection is reflected in the original Local Government Boundaries Commission for England (LGBCE) draft report, which recommended incorporating the rest of the GTV development, including Borrowby Rise and Plantation View, into Nunthorpe Ward. I wholeheartedly support this recommendation.

Furthermore, I concur with the idea of incorporating areas of Marton West, up to De Brus Park into Nunthorpe Ward. My understanding is that the historic boundary extended into this area. This extension would not only enhance the income of the parish council but also provide greater leverage for development opportunities within the ward, which is in dire need of new schools and amenities.

In summary, I wholeheartedly support the draft plan to expand Nunthorpe Ward while strongly opposing the transfer of the Grey Towers Village development to Marton Ward.

Sincerely,

[REDACTED]
