Name: Mr Edward Kaczmarek
Email: [REDACTED]
Postcode: [REDACTED]
Organisation Name: NE Lincs County Council (District or county councillor)

Comment text:

Related subject: Sidney Sussex Ward and Cleethorpes town

Sidney Sussex is based around three key areas- Sidney Park, Sussex Recreation Park and Grimsby town football club. Although there is also a collective north prom and sea wall identity underlying in much of those three areas.

We have four schools in the area who all fall under a local park. Reynolds Academy is very close to Sussex Recreation Park. While the other three schools (Queen Mary, William Barcroft and Elliston Primary) are around Sidney Park.

Many community activities happen around these parks, as well as other smaller community centres dotted along Grimsby Road up to the old Ramsdens site across from Park St. Key community group are Big Local based on Grimsby Road and We Are Fish who HQ at Sussex Pavilion, but hold buildings near the train station as well as Sidney Park.

Online there is Sidney Sussex News that has over one thousand followers focused across the whole area. We have multiple small street communities mainly in the aspect of neighbourhood watch. Although we have covered the main three communities the cross over between the three is so common that many people do see themselves a mix between the parks and football grounds.

The last over arching community is Cleethorpes itself. The identities of Cleethorpes and Grimsby do have some common points in it. There is a very different culture between the two and mixing those communities are going to be a poor result and cause a lot of clashing within the area.
