## Comment text:

**Related subject:** Skidby

Skidby Parish Council considered this matter at their meeting on 2 July 202 and resolved that the Parish Council believes it has more commonality with rural areas and is similar in nature to and shares many characteristics with other parishes in Dale Ward rather than the more suburban area of Cottingham whose commonality with more urban areas has been recognised by its inclusion in the Hull North and Cottingham Parliamentary Constituency. The Parish Council believes its interests would be diluted by inclusion with a more urban area.
