## Comment text:

**Related subject:** Boundary

I have been informed that my ward Freshney is being dispatched. I will be part of the sweat Marsh. I totally object to this proposal. If I wanted to buy a house on the West Marsh, I would have done so. I have nothing in common with that district and will not feel duly represented. Totally disgusted with the way in which this has been done to me, to us. Not that you will ever listen to anyone, and this will be a pointless exercise.
