Related subject: Freshney ward

The proposed disablement of our freshney ward is an absolute disgrace and a blatant political move to rid us of our fantastic independent councillors voice!

The 3 distinct areas are well used by residents of great Coates, wybers and the willows. I myself live in great Coates and regularly walk through to the local shops on wybers and willows. My regular 3 mile run route incorporates all 3 areas! How you can propose that there are distinct boundaries between the 3 areas is somewhat confusing for all of the residents! It makes me think that the ones "in power" really do NOT know the area at all! I am very disappointed that these ridiculous proposals are even being given the time of day! Hang your heads in shame!
