

# North East Lincolnshire

## Personal Details:

**Name:** [REDACTED]  
**Email:** [REDACTED]  
**Postcode:** [REDACTED]  
**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** NELC border

Tetney and Holton Le Clay villages should become part of NELC. Both villages use all facilities within NELC including healthcare. I have personal experience of being told my postcode is outside of NELC so any services would be provided by Lincoln but nobody will travel to the last villages in their county and it's unfair on our residents. NELC have single point of access and distract nurses which is on our doorstep but we are turned away. Anybody requiring respite or residential/nursing care would be moved into a suitable care home within NELC but cannot access local social workers or navigo support workers. We should be people centered and why should somebody living in a village on the outskirts of their county receive less care than somebody else.
