Having read that North East Lincolnshire Council are considering abolishing the Freshney Ward, I would like to make a few points. I am a resident on Aylesby Park. This area is so closely linked to Wybers, Willows and Great Coates. My family and myself use the amenities in all of these areas, as they are all in walking distance. We use all the shops which includes a chemist, where we pick our prescriptions up on the Wybers. This is also where the main bus route is to town, and other areas. I use this service on a regular basis. We use the shops on the Willows, especially the post office, again in walking distance. In Great Coates we make use of the Village Hall and all of it's amenities. All these areas are interlinked and a short walk from each. How the council can say otherwise is beyond me.
