Comment text:

Related subject: The whole council

The council is over stretched. Can't meet it's requirements now. The area could do to be reduced. So Driffield is back in north Yorkshire. Allowing the over stressed health service. To work more efficiently. This would also mean the council can stop wasting money on ropey contractors. And beore proactive in improving the environment. With less reliance of central government.. reduced area will increase. Effective spending and reduced NHS stress
