

# North Yorkshire

## Personal Details:

**Name:** Mrs Elaine Barlow-Hall

**Email:** [REDACTED]

**Postcode:** [REDACTED]

**Organisation Name:** Buckden Parish Council (Representative of parish/town council)

## Comment text:

**Related subject:** Upper Wharfedale

The Parish Council would hope that the proposed alterations to ward boundaries would continue to group the Upper Wharfedale Parishes together as there is a clear linking of transportation, services and infrastructure between them.

If it is necessary to include Upper Wharfedale into a larger ward it is felt that it would be better to group it with similarly rural-natured areas. This sort of grouping would allow the particular interests of rural communities to be better represented than any grouping with more urban areas. Having considered the characteristics of the adjoining areas, the parish council feels that, if Upper Wharfedale ward is to be extended, and it cannot be kept wholly within the National Park, then the logical natural grouping would be with the communities of Upper Nidderdale
