**Organisation Name:** Brompton Town Council (Representative of a local organisation)

## Comment text:

**Related subject:** Northallerton North and Brompton in the former HDC area

Brompton Town Council would wish to support the position of its current NYC Councillor Steve Watson. If Cllr Watson is of the view that the present arrangement of the area he represents should remain as it is now, ie a single member Ward then Brompton Council would wish to support this. The Council is of the view that the current boundaries of the Ward and its single Councillor representative has worked well since it was introduced on LGR.
