Name: [REDACTED]  
Email: [REDACTED]  
Postcode: [REDACTED]  
Organisation Name: (Member of the public)

## Comment text:

**Related subject:** Ulverston & Furness

Please consider amending the current boundaries of Westmorland & Furness. The current arrangement is totally unacceptable and strongly biased by the majority of councillors being based in the north of the county. If you check you will find this area has no representation from the South of the district on any committee. The council is controlled by Liberal Democrats who have no local seats in the south of the county. All local issues are brushed aside leaving residents told what will happen in their area despite strong opposition. This is not democracy and urgent attention to rectify the situation is needed. The control is strongly biased by people who technically were not elected to represent residents in Furness and their wishes regarding the area they live in.
