## Comment text:

**Related subject:** Ulverston

The change from SLDC to W&F has seen a huge reduction in the representation of the people of Ulverston. The asset stripping pursued by SLDC has simply accelerated under W&F. We now have only 3 councillors and, as the second largest town - and the fastest growing - we now have no library, no town hall and no police presence. Far smaller population area such as Grange and Ambleside remain fully supported with thriving libraries. Why us?
